By combining expertise, comprehensive capabilities across industries and a partnership mindset, Sierra collaborates with clients to help them become high-performance businesses.

### We Delivered

- ABAP Onsite Project Development Support.
- Each week approx 25 Adobe Forms were delivered.
- An integration was developed between the each of the Medical PMD(Case history) and SAP.
- This integration led to dynamic generation of technical architecture required to hold the details for a respective case history.
- This details/information was then made to flow to the Adobe Forms which were developed from scratch and considering the layouts required for each case history.
- The Solution was successfully implemented which was at par with Client's requirement and process flow.
